

Parking Meters & Parking Lots

Hours of Operation:

9 A.M. to 6 P.M., Monday to Saturday

FREE parking on Sundays & noted legal holidays

Meters:

- Meters cost 25 cents per hour for a maximum of 2 or 4 hours, depending on the time limit of the respective meter. Generally, on-street meters are 2 hours maximum and lot meters are 4 hours maximum. **PLEASE, DO NOT FEED THE METERS**; it is a violation of Village regulations contained in Local Law 4 of 1996. This practice is illegal and may result in a parking ticket being issued.
- On each of our “friendly parking” meters, you can push a “5 minutes free” button to do a quick errand or get change for the meter. Our meters also give an additional 5-minute grace period at the end of your paid time to get back to your car before being subject to a ticket.
- If your meter reads “Fail/Dead Battery,” you can park at that meter as long as you don’t park for more than the allotted time limit. *Note: Please call the Village Hall at 516-482-4500 to report a malfunctioning parking meter.*
- A Muni-Meter (4 hour max.) parking system is located at the outdoor Plaza Centre lot (Lot 4). It is a “pay and go” system. There is no need to display the receipt. The receipt is your proof of payment.

Maple Drive and Plaza Centre:

(Garages)

- Parking meters in the garages are enforced the same way as stated above, **EXCEPT** after 3 P.M. on **weekdays** and on **Saturdays and Sundays**, when metered parking is **FREE**.
- **Permit Parking** can be obtained through the building department quarterly (currently \$90 per quarter). Employers/Merchants should obtain parking permits for themselves and their employees because it is cost-effective and “feeding” a meter is illegal.
