## On-Street Meters & Parking Lots

**Hours of Operation:**
**9 A.M. to 6 P.M., Monday to Saturday**
**FREE parking on Sundays & noted legal holidays**

**On-Street Parking Meters & Muni-Meters:**

- Meters cost 25 cents per 30 mins. for a maximum of 2 or 4 hours, depending on the time limit of the respective meter. Generally, on-street meters are 2 hours maximum and meters in the lots are 4 hours maximum. **PLEASE, DO NOT FEED METERS**: It is a violation of Village regulations contained in Local Law 4 of 1996. This practice is illegal and may result in a parking ticket being issued.
- On each of our "friendly-parking" meters, parkers can press a "5 minutes free" button to do a quick errand or get change for the meter. Our individual meters also give an additional 5-minute grace period at the end of your paid time to get back to your car before being subject to a ticket.
- If your meter reads "Fail/Dead Battery," you can park at that meter as long as you don't park more than the allotted maximum time limit (i.e., 2 hours or 4 hours). *Note: Please call Village Hall at (516) 482-4500 to report a malfunctioning parking meter with its # and location.*
- Muni-Meter (2-hour and 4-hour max.) parking systems are located at the outdoor Maple Drive (Lot 1), Grace Ave. (Lot 2) and Gussack Plaza (Lot 4) lots. These muni-meter stations are "pay and go" systems; there is no need to display your receipt. The receipt is for your use as proof of payment.

## Maple Drive & Plaza Centre Garages:

- Parking meters in the garages are enforced the same way as stated above, **EXCEPT** after **6 P.M. on weekdays** and on **Saturdays and Sundays,** when metered parking is **FREE**.
- **Permit Parking** stickers can be obtained through the building department quarterly (currently $90 per quarter). Employers/Merchants should have parking permits for themselves and their employees because it is cost-effective and meter "feeding" is illegal.

## Mobile Parking App by Parkmobile

The Village has an agreement with Parkmobile, a leading technology vendor of parking payments using a smartphone. With Parkmobile's mobile app, available for iPhone, Android, Windows, Blackberry and Amazon users, starting your parking transaction takes seconds to download their app and register. Once registered, paying for parking is easy to activate your parking session. Also, you can opt-in for a text message to receive a notification 15-minutes before your parking session expires. This way, if you want to purchase more time, you can add more time to your parking space, provided you haven't reached the maximum parking limit allowed, which is either 2 hours or 4 hours depending on the specific stall and lot your vehicle is parked in. The Gussack Plaza lot (Lot #4), across from Village Hall, has a green zone with 4-hr. parking; the remainder of the stalls are 2-hr. parking.

You can still use Parkmobile if you don't have a smartphone, by calling their automated phone system, a toll free number 1-877-727-5730, or their website www.parkmobile.com. Information on how to pay by the Parkmobile app is located on Parkmobile decal stickers on the muni-meter pay stations and on posted signs in our three open municipal parking lots.

Parkmobile offers a more convenient way for people to pay for parking because there's no worry about having to have quarters handy. It's just an option; you don't have to use it. You will still be able to continue paying the traditional way, with quarters and $1 bills. We are implementing this program as a means to make paying for parking easier, more customer-friendly and incorporating technology, which is the preferred way consumers now want to make purchases. With the Parkmobile app, the consumer must agree to pay the convenience fee, payable to Parkmobile, plus pay for parking.
